Web Design

first things first...

I offer web design services using WIX as my hosting platform. I offer personal and business e-commerce websites. I create a custom website on top of WIX. The reason I use WIX is because it is reasonable in price, they are secure and 24/7 customer support.

a few websites
that I have created

Studio 184 - studio184stoughton.com

KG Hair Design - kghairdesignllc.com

Total Skin Spa - totalskinspa.com

Raven Tattoo - raventattoodixon.com

Two Twenty Four - twotwentyfour.org

I charge \$300 for a complete website design.

Additional costs may include: WIX Subscription fee (typically \$8-\$13/month and domain name purchase.
